

### **REMARKS**

The Examiner's indication of allowable subject matter in claims 5-9, 12, 13 and 15 has been noted with appreciation.

Newly submitted claims 17 and 22 correspond to the subject matter of claims 5 and 8. Additionally, these claims have been drafted as requested by the Examiner in the rejection of claims 1-16 to set forth the structural relationship between the rotary pull eccentric and the crankpin.

Claim 29, which corresponds to claim 16, has been amended to include the subject matter of claim 17 which is allowable in combination with the steps of claim 16.

The specification has been amended to reformat it as requested by the Examiner and to further add an Abstract which is the English translation of the published PCT application.

In view of the foregoing amendments and Remarks, it is submitted that the application is in condition for allowance. Accordingly, early allowance thereof is respectfully requested.
